

Global workers in Henan, China

Rev. Jeff and Miriam Nellermoe are serving with China Service Ventures:

In the summers of 2013 and 2014, Pastor Jeff and Miriam Nellermoe assisted with China Service Ventures' summer youth camps. Feeling called to return to the area and continue the work on a more regular basis, Jeff and Mim now serve with China Service Ventures' "Bo Ai" summer youth camps in Henan, China, where they work primarily to mentor CSV's Chinese leaders and equip them for lives of service. "Bo Ai" means boundless love.

This program provides an opportunity for many rural Bo Ai students and other youth to experience the joys and adventures of summer camp! Camps are held at Lijiazhai Middle School near Rooster Mountain. This year two middle school camps and two high school camps with 50 campers each were offered, as well as two day camps for younger children. The intent is to have these youth experience a caring and gracious community. A modified curriculum that respects the limitations set by the government is used. As called Global Workers in the NALC, their work continues year round. For more information, please visit: www.chinaserviceventures.org or email Pastor Jeff at: jeffn@xmission.com.
